

**SHAHEED ZULFIKAR ALI BHUTTO
INSTITUTE OF SCIENCE AND TECHNOLOGY**

Design & Simulation Lab

Department of Mechatronics Engineering

COURSES COVERED

ENGINEERING DRAWING & GRAPHICS

NETWORK ANALYSIS

COMPUTER AIDED DESIGN (CAD)

DIGITAL SIGNAL & IMAGE PROCESSING

**LAB SUPERVISORS: ENGR. SARMAH HAMEED &
ENGR. SULAIMAN DAWOOD**

Objective

The purpose of the Design and Simulation laboratory is to assist students in building their own problem solving skills. It serves as the laboratory for a number of courses with software related labs. Furthermore, the lab is available to Mechatronics undergraduate students to complete their course work and project during open hours i.e. when class is not in progress.
