INSTITUTE OF SCIENCE AND TECHNOLOGY**

# Engineering Workshop

Department of Mechatronics Engineering

**LAB SUPERVISOR: ENGR. TANZILA YOUNAS**

**LAB TECHNICIAN: MR. TANVEER ROSHAN**

**Objective:**

During this course students are made familiar with engineering processes in various workshops. They get hands on experience so that they are well aware of the trends and techniques in various technologies employed in order to solve engineering problems.

Engineering workshop has following shops:

1. Wood Working Shop
2. Fitting Shop
3. Welding Shop
4. Machine shop
