After my father fell from a three-storey building and was crippled for life, I took over the responsibility to earn a living for my family. But to earn a handsome living, I had to pursue post-graduate studies. I got admission in SZABIST and took a leap of faith with no idea about how I will pay the fee. Nevertheless, with the SZABIST Financial Assistance Program, I was able to complete my MBA and acquire a promotion.

Thank you SZABIST for believing in me and tapping my potential which has enhanced my determination manifolds!

I paid my admission and first semester tuition fee through a loan that had to be repaid within three months. I didn't have any idea how my father would repay the loan, who earns living through supplying fried onions. I was certain that I would not be able to continue my education. But SZABIST made it all possible through its impartial Need-Based Scholarship Program. In less than two years after graduation, I am working with a PR company at a senior position and sustaining my family's expense and siblings' education.

Thank you SZABIST, I owe my success to you!
